Keilton +autani

WP1025 Series
5-Key Battery-Powered
Bluetooth Wall Switch

WP1025

**WP Wall Plate
(not included)**

Description

The Keilton+autani WP1025 is a versatile, battery-powered Bluetooth wireless wall switch that offers seamless control over your Keilton+autani devices. It enables various functions, including ON/OFF, DIM+/DIM- for brightness adjustment, AUTO for automated control, and three customizable scene settings. Additionally, the WP1025 can function as a remote controller, allowing you to operate your Keilton+autani ecosystem from anywhere within its wireless range, ensuring reliable and secure Bluetooth communication.

Features

- Bluetooth 5.0 network technology enables the switch to be linked to one or more light groups via the Keilton+autani app
- Powered by a single CR2032 battery
- 3-scene scroll button
- Approximately 5-8 year battery life*
- Separate DIM+/DIM-, ON/OFF, AUTO buttons
- LED indicator will flash for low-power battery condition
- Can be mounted on a flat surface or switch box (WP required) or used as a remote
- Easily retrofit existing wall switches with Decora wall plates (not included)

Requirements

- 1 CR2032 battery (not included)
- WP wall plate (not included)
